## NOTICE OF ALLOWABILITY

### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance.

1. It is the opinion of the examiner that the art of record (considered as a whole) neither anticipates nor renders obvious "a diameter of said approach portion is D1 on an entrance part of said approach portion and D2 on an exit part of said approach portion, the diameter of said approach portion gradually decreasing from the entrance side of said approach portion to the exit part of said approach portion to satisfy Equation (1):  $0.7 \leq D2/D1 < 0.97$ ", "an axial length LR between the first part and the exit part of said approach portion satisfies Equation (2):  $20 \leq LR / ((D3 - D2) / 2) \leq 115$ " and "a diameter of said bearing portion is fixed at D2, and a length of said bearing portion is LB, the length LB satisfying Equation (3):  $0.3 \leq LB/D2 \leq 10$ " in combination with the rest of the claimed limitations set forth in independent claims 1 and 2.

Searching by the examiner yielded prior art as follows:

2. Bertolini (US Patent # 6,449,997) discloses a die for metal wire drawing having a through hole having an inside surface including a bell portion (I-II), an approach portion (II-III) and a bearing portion (III-IV) from the entrance side of the die. However, Bertolini fails to disclose the die meeting the claimed limitations of the equations. Therefore it is concluded that claims 1 and 2 are allowed over the prior art. Claims 1-3 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
